

IT ONLY TAKES ONE.

It's not a matter of *IF* your child is offered a drug with **fentanyl** – it's a matter of *WHEN*.

Even “good kids” are taking fentanyl-laced pills, because they think they're real. Counterfeit pills look just like real prescription pills like **Xanax**, **Adderall** or **Percocet**.

7 IN 10

counterfeit pills contain a lethal dose of fentanyl, and they kill almost instantly.

NEARLY **200**

Virginia teens and young adults die each year from fentanyl. Make sure yours isn't one of them.

Find out the best way to talk to your kids about fentanyl.
